

Up to the top... together

If you've ever asked yourself "What can I do to get ahead?" you'll find the story of Ernest and Janet Jarvis interesting and inspiring

They married young. Neither had finished grammar school. Both worked—and studied.

Ernest was enrolled with the International Correspondence Schools. Janet helped him with his lessons. Together they mastered Chemistry, Metallurgy and other I. C. S. subjects.

Slowly, surely, their training bore fruit. Ernest was made plant manager of a marine pump and valve factory. Mrs. Jarvis worked as a chemist in the laboratory.

Then, with \$3500 savings, they started their own business, the Niagara Falls Smelting & Refining Co. Inside twenty years, it became the nation's largest producer of nonferrous alloys.

In 1944 they sold the company and retired as millionaires. But they couldn't stop. Before the year was out, the Jarvises were working again.

Today, Ernest Jarvis is President of the Continental Copper & Steel Industries, Inc. And Janet Jarvis, a chemist and metallurgist famed throughout the industry, is Vice-President.

Says Mr. Jarvis: "I have always felt that the training we obtained by studying I. C. S. courses at night was responsible for our success in life."

It takes courage and co-operation, hard work and sound training to do what the Jarvises did. The first three are up to you. Sound training starts with the coupon below. Mail it *today*.
